

AgentVizion: Real-Time Distribution Intelligence for Carriers

Unlock Insights. Optimize Performance. Drive Growth.

AgentVizion™ is an award-winning distribution intelligence platform that gives insurance carriers and their distribution partners real-time visibility into producer networks. It enhances strategy, boosts agent engagement, and improves operational efficiency through powerful analytics and seamless integrations.

Key Benefits for Carriers:

- **Aggregated Data Visibility** – Access a 360° real-time view of producer performance, licensing, commissions, payments, and production data across enterprise systems.
- **Advanced Analytics** – Drill down into data by wholesaler, agency, territory, agent, product or case level for deeper insights.
- **Seamless Integration** – Easily connect with legacy and modern systems for a unified, real-time view.
- **Stronger Distributor Relationships** – Empower IMOs and distributors with actionable insights for collaboration and growth.
- **Optimized Sales & Compliance** – Track top-performing agents, products, and ensure regulatory compliance.
- **Reduced Call Center Activity** – Minimize agent calls with readily available data and push alerts.
- **Push Notifications & Quick Resolution** – Reduce NIGO transactions with instant notifications, speeding up placement times.
- **Mobile-first Enablement** – Leverage native iOS and Android app to analyze data on a mobile app, powered by real-time business alerts.
- **Commission Transparency** – Prevent disputes with clear, real-time commission views and reports.

Why Carriers Choose AgentVizion:

- **Real-Time Data & Reporting** – Get instant insights into agent and agency performance.
- **Custom Dashboards & Alerts** – Track key metrics and receive alerts on important changes.
- **Industry-Standard APIs** – Deploy IRI, DTCC, and ACORD-ready APIs for real-time case updates and business alerts via browser and mobile.
- **Empowered Distribution** – Enable producers to make instant business decisions with real-time data delivered on any device.
- **Proven ROI** – Increase agent engagement, boost sales, and streamline operations with data-driven decisions.
